Game Review

- Epic Games = Fortnite
- Strategy/war/creative
- The main goal is to be the last person standing. You can also be creative by creating maps
- There aren't many game main characters because there are many skins (in-game avatars) put in
- I like the creative aspect of the game, I dislike how it is quite hard to play
- I would recommend it to 10+
- I would give it a rating of 8/10
