## **Ruby Redfort-Look Into My Eyes by Lauren Child**

Genre: Sci Fi/Detective

The author is extremely good at wanting the reader to continue the series as it has an interesting plot that isn't very common in books. The main character, Ruby, is a gifted girl, she lands an undercover job as a code-breaker for a secret-spy organisation.

Main Characters ~ Ruby Redfort, Hitch, Clancy

I liked how Lauren Child made the main character a talented child but not over-the-top with her gifts. The main character has relatable traits to connect with the target readers.

The story took a while to get to the plot but it did build up slowly. If it would escalate into the plot quickly then it would've been more enjoyable.

I think that the author wants mainly girls aged 13-16 to read it because the main character is around that age.

Star Rating - 7.8/10
