The Hunger Games by Suzanne Collins

Genre: Action

The Hunger Games is a book set in the dystopian future. The country is split up into “districts” (in total there are twelve) and once a year two “tributes” from each district are entered into the hunger games where they must fight for their survival , the winners are then seen as heroes by their district but enemies by the others as they had to kill their tributes

The two main characters are: Katniss Everdeen and Peeta Mellark

My favourite character is Katniss because she didn't give up.

I did like this book and I would recommend it to others.

Star rating: 8/10 stars
