

Dear parents, carers and students,

And so it goes on...and yet, amidst the sea of uncertainty, landscape of disappointment and sadness, there is “light” which is seen daily by the wonderful interactions our students are having online with one another and their teachers. The quality of work continues to stun and impress and we are beyond grateful to the support teams at home, who are tirelessly helping our students navigate their way through this.

### **Assessments and Reporting Home to Parents/Carers:**

I know that parents/carers and students are concerned about how we will run assessments and reporting home this year; especially in light of the cancellation of some Parents’ Evenings last year. Below I have provided, what I hope, is some reassurance and an outline of how we plan to proceed this year.

<b>Year 12</b>	
Week beginning Monday 1 <sup>st</sup> February	Reports issued
Tuesday 9 <sup>th</sup> February	Virtual Parents’ Evening
Week beginning Monday 26 <sup>th</sup> April	Reports issued
Week beginning Monday 14 <sup>th</sup> June	Year 12 Exams
Week beginning Monday 5 <sup>th</sup> July	Reports issued

### **Review of Remote Learning**

As part of our on-going review of Remote Learning we have been considering the timing of the school day and the lack of “screen breaks” for students and staff. In light of this, a revised timetable will be shared with you on Thursday 11<sup>th</sup> February and the new timetable will be implemented after half term. We hope that this revision enables our students to take regular screen breaks, manage their work effectively and find time to stand up and take a daily walk!

### ***And finally...***

Next week is national Mental Health Awareness week and as I stressed in my letter home last week, we really do encourage all our families and students to reach out for support in what we know is a really tough time. Some additional resources are below –

As always, thank you for your on-going support,

Yours sincerely,
