Two Can Keep A Secret by Karen m McManus

Genre: Thriller

Plot: two people have been killed. Ellery and her twin Ezra are the victim's niece and nephew. Now the killer claims to be back and a girl vanishes without a trace. Who is the killer?

Main characters: Ellery, Ezra, Malcom (his brother is accused of killing one of the deceased), Mia, Brooke, Katrin and Peter. My favourite character is Mia as she is super strong and independent.

I liked the way there were all these layers to be peeled away before you discovered the killer in a chilling scene.

I would recommend this to people aged 13-17 as it discusses deep subjects but it is perfect for anyone over the age of 17 as it is just such a spine chilling but satisfying book.

Rating: this book is a 10 out of 10 as it is filled with enough suspense to make you want to read more but it is also filled with enough personality to be funny and romantic as well. 😊
