Harry Potter And The Philosopher's Stone By J K Rowling

Genre: Fantasy

In this magical book, you will find mystery and magic put together to make a book you can't put down.

There are three main characters: Harry Potter, Hermione Grainger and Ron Weasley who are friends.

One thing I liked in the book was the amount of description; however, one thing I dislike is the fact that everyone who seems evil is put in Slytherin!

I would recommend this to anyone over the age of 8 and I would give it 7 out of 10 stars.
