Accessing Show My Homework (Satchel-one) from outside of school

On a PC / Laptop

Browse to the Sherburn High website (www.sherburnhigh.co.uk). On the home page you will see the following section, click on Show My Homework as highlighted below.

You will be taken to the Show My Homework Calendar Screen, Click **Log in** from the top right

and you will be taken to the login page.

Make sure **Student** is selected and **I already have an account** too.

Enter your school username and password that you would use to access the computers in school.

Once you have access to Show My Homework, you will be able to click into each homework and if the teacher has allowed Online Submission, there will be a **Submit** tab from within the homework.

You will now be able to type a comment to the teacher and upload files to for the teacher to see.
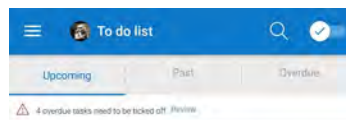

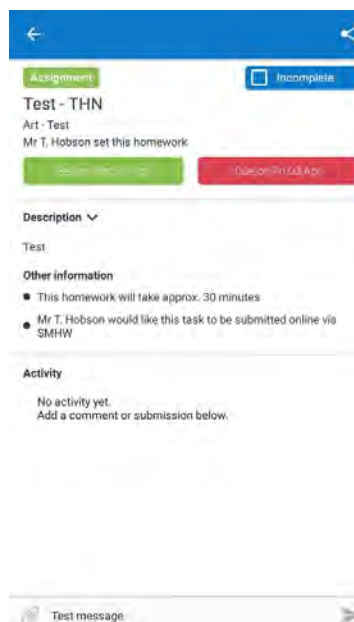

On a Mobile Device

Download the App on to your mobile device from the App Store / Google Play. Once installed, login to the app with the same details that you use to login to the computers in school.
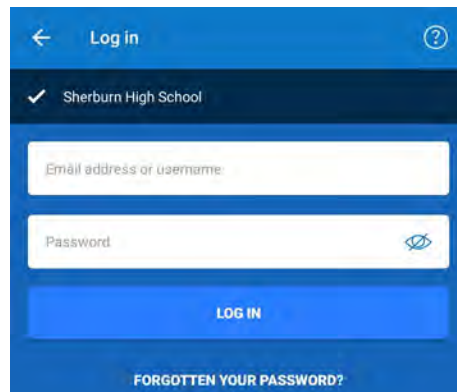

You will now see a list of set homework under the **Upcoming / Past / Overdue** tabs.

If any homework has been set you can tap into it

To Upload your work, you will see an option to add comments, there is a paper clip to the left of this comments box, tap it and you will be asked to upload one of the following.

Submit work via the app
