Harry Potter and the Philosopher's Stone by J K Rowling

Genre: Fantasy

The story is about a boy called Harry Potter who gets invited to Hogwarts, the school for wizards and witches.

The main characters are Harry Potter, Ron Weasley, Hermione Granger and Hagrid. My favourite character is Harry Potter.

I like this book because it has lots of secrets and mysteries. I dislike it because of how the Dursleys treat Harry Potter.

I would recommend it to someone who likes magic!

I would give it 7 out of 10 stars.
