# Installing and signing into Sora App on you PC/Chromebook
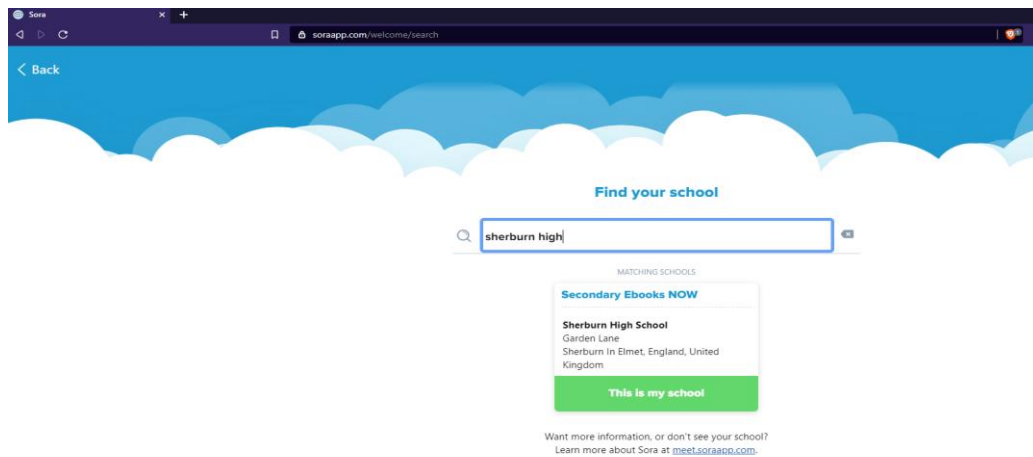

1, Open your browser on PC then type in the address bar at the top – soraapp.com

2, From the page that has opened up select the green "Find my school" button as shown below.

3, You will be presented with the screen shown below. If like on the image here there is no Sherburn High School listed, select the "My school isn't listed" at the bottom of the page.
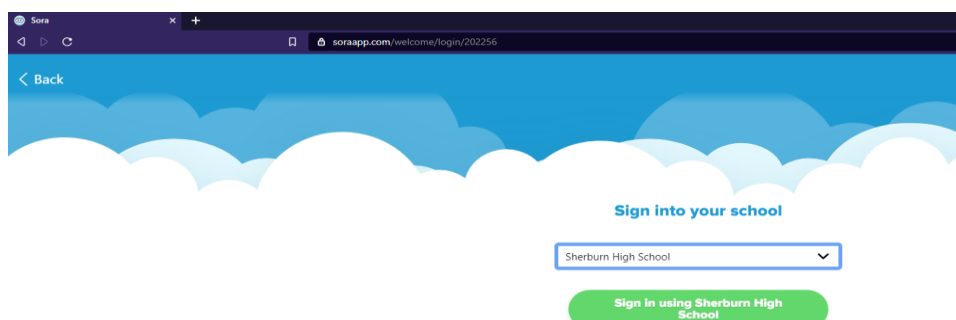

4, You will then be able to type into the search box "Sherburn High" and then you can select our school by clicking the green "This is my school" button.

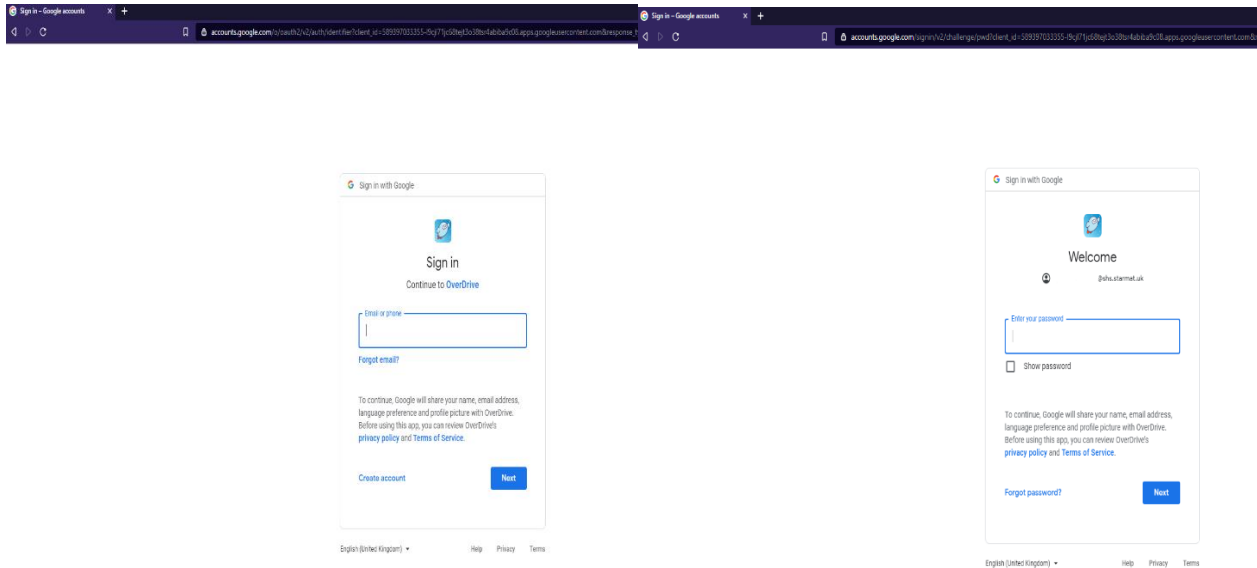

5, On the next screen, shown below, there is a drop-down menu, click the little arrow to expand the list, find "Sherburn High School" and select it.

6, Now Sherburn High School is in the drop-down menu select the green "Sign in using Sherburn High School"

7, All that is left to do is to sign into your school account to access the Sora App. Type into the email text field your @shs.starmat.uk school email address, select "Next" and then in the password field shown on the next screen type in your school account password. This is the same password that you are using to access school email/classroom.

8, You will then be logged into the Sora App and the screen shot below will be shown.
