

Abigail L4

## **Mistress Of All Evil (Disney Villain Tale) by Serena Valentino**

This story has been told many times, but always the maiden finds out that she is the princess, a princess who is destined to be cursed by a dark fairy (Maleficent) to prick her finger on a spindle wheel and fall into an eternal sleep. Though her three good fairies try to protect her, the princess succumbs to the curse, but the power of good endures, as her true love defeats the fire-breathing dragon and awakens the princess with true love's first kiss. The two live happily ever after, although, this is only half the story.

The main characters of this story are Maleficent and the princess; also in the book it tells you the story of Maleficent when she was younger.

I like how the Disney villains have a connection with each other, and I also like how it tells you the story about Maleficent when she was younger because it makes you understand what she went through and why she is acting the way she is. What I don't like about this book is that it is a little confusing, especially if you think about the original book / movie Sleeping Beauty.

I would recommend this to a 10+ and both gender groups. So far, I would give this book a rating of 6/10.
