Diary of a Wimpy Kid, Rodrick Rules by Jeff Kinney

Genre: Comedy/Real Life

The story/book is briefly about a boy called Greg Heffley and he has two annoying brothers called Rodrick who is in high school and Manny who is only young. Rodrick has found out that Greg has a new diary/journal and he is trying to find out what's inside, so Greg better keep this one locked up!

The main characters are Greg Heffley and Rodrick Heffley. My favourite character is Rodrick because he is really funny and is always up to something... (like me).

I like how Greg is talking to the reader and basically telling the readers/us his life story with his family, school etc. There is nothing I dislike about this book.

I would recommend this book to my cousin Jake because he kind of likes the same genre/type of books (comedy, real life stories) and the age range would be 9 to 12.

The Rating is 10 out of 10 because it always cheers me up and entertains me when I am really bored and sad!
